No Lis 2-108/35 dated 20/28/12/35

Requests sanction to the resolution of the Dist Board, approving the Grant of a loan of Rs 300/- to Mr T. L. Narayana Kar, Meerut, Chikamagalur to meet the initial expenses of setting up a Kannada Telugu Typewriter manufactured

It is not clear under what section of the Dist Bds Regn this proposal is made. It is presumed to be under sec 73 of the Regn, under which, subject to the rules that may be made by Govt. the Dist Board may grant loans from Dist funds for encouraging local arts & industries. There are however no rules framed under this section by the Govt. It cannot also be said that this falls under the purview of a local art or industry.

2 The financial condition of the Board is not satisfactory

NOTE—Contn Sheet.

WD 03594—GPB—30,000—18-7-35

It is not clear as to how the Board would grant a loan when no appropriation is possible as there is no provision under loans. The D.C. considers that this is not a proper charge on the funds of the Board.

3 Further the gentleman has asked for a subsidy towards the initial cost and not for a loan the Board do not seem to have satisfied themselves that they would be willing to take the loan, the terms and discharge it with interest in so many years. The details as to the conditions under which the loan is proposed to be advanced are also not mentioned in the Resolution. It would perhaps not be desirable for the Board to subsidize experiments which are of doubtful utility and are still in an experimental stage and about whose success no expert opinion is forthcoming.

4 Subject to orders as the recommendation for the grant of a loan of Rs 300/-

Application dated 24th September 1934 from Mr.T.L.Narayana Rao, B.A., LL.B., Pleader, Chickmagalur to the President,Kadur District Board.

====

Please permit me to intriduce myself to you and to your Board through this my application as a native of this District deeply interested in doing my services to Kannada country and literature.

As the result of my labour for the last few years I have perfected a scheme for Kannada and Telagu Typewriters and I am now to get manufactured a model machine from a London company before I make bold to get the machines manufactured on a commercial scale. I need not mention to you and your enlightened members the great advantages of vernacular typwriting machines the handicap our country is experiencing for want of facilities and the propriety of a self governing Body like yours in advancing the causes of such public importance and utility.

My immediate concern is to get manifactured an experimantal machine and then, after such improvements or modifications as may suggest themselves to place orders for a number of machines on a commercial scale.

The initial expenses come to about Rs. 300 and odd. For a number of reasons, I have thought it proper that a Body like your District Board, should in the fitness of things, help this my cause and therefore I request you and your Board to grant me Rs.300 as a subsidy for the furtherance of my scheme and thereby advance a noble cause calculated to enhance the economical welfare of the Kannada country and its various activities.

Trusting that this my appeal for a public cause will receive its due consideration and thanking you.
